

About Your Instructors...

Instructors are American Heart Association BLS faculty members for the Health Counseling Services Training Center.

American Heart Association CPR courses for laypersons and professionals are also available. Please contact HCS if you would like to have these courses presented at your facility.

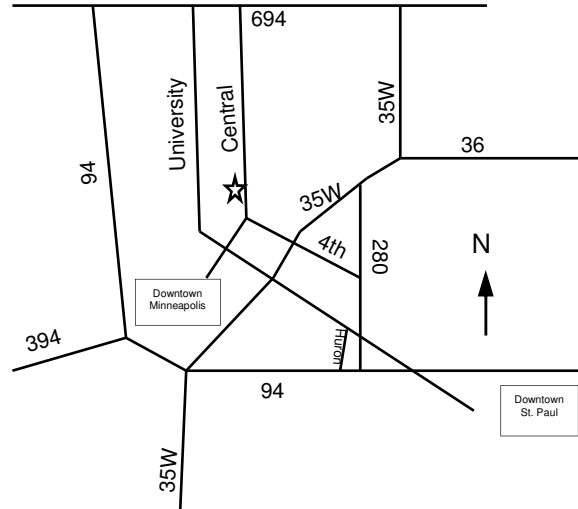

About Health Counseling Services...

It is the mission of Health Counseling Services to provide innovative education designed to meet the health care needs of the community.

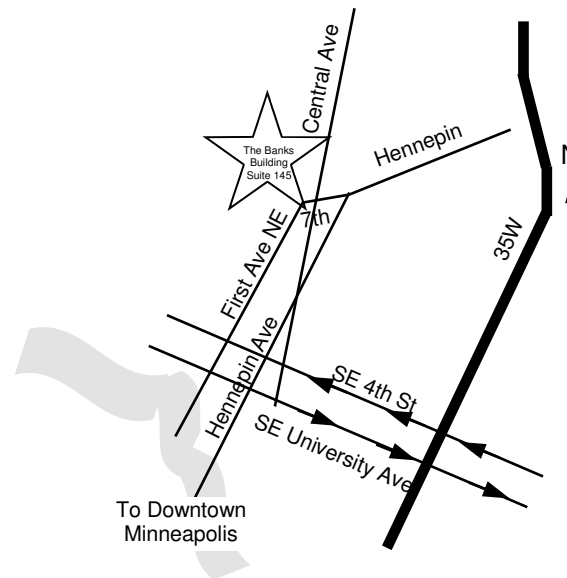

A leader in setting standards for health care education, HCS offers both interactive training courses and professional workshops. Individual courses are designed specifically to meet the educational needs and learning styles of the participants. At HCS, we offer a relaxed, positive learning environment with highly qualified instructors. All training courses and workshops are taught at our convenient location, easily accessible from Minneapolis, St Paul, and the surrounding suburbs.

HCS Training Center

Upcoming Course Information

American Heart Association Basic Life Support Instructor Course

**Tuesday, April 20, 2010
10:00 AM - 2:00 PM
and
Thursday, April 22, 2010
10:00 AM - 2:00 PM**

Cost: \$190.00

The American Heart Association's BLS Instructor course is designed to prepare people to become Basic Life Support instructors. This training is required to become an instructor with the American Heart Association. Anyone who wants to become an instructor can take this course. The ideal candidate would be motivated to teach, facilitate learning, and ensure that students acquire the skills necessary for successful course completion.

Prior to taking this course, there are prerequisites that must be completed:

- ✎ **Current AHA Healthcare Provider status (see website for these dates)**
- ✎ **Non-healthcare professionals must have a current First Aid card**

Please call Health Counseling Services for candidate application, registration, and required materials.
